## Los Cascarones

Otro de los elementos que hacen singular nuestra fiesta son "los Cascarones", elaborados con los huevos que se utilizan en las cocinas aguilenas durante todo el año, que en lugar de partirse por la mitad, se golpean por un extremo y se vacían, almacenándose hasta días antes del Carnaval, fechas en las que se rellenan con papelillos de colores y se tapan con papel de seda. El evento en el que más cascarrones se utilizan es la Batalla entre Don Carnal y Doña Cuaresma en la que los seguidores de ambos personajes se lanzan decenas de miles de cascarrones.

*Other elements that make our festivity singular are "Los Cascarones", elaborated with the eggs used in every house in Águilas that are stored up along a year, until several days before Carnival when are filled up with colourful pieces of paper and then covered with tissue paper. The event in which most "Cascarones" are used is Don Carnal and Doña Cuaresma Battle in which both armies throw thousands of them against each other.*
