DAY 1 MONDAY 26TH OCTOBER 2026

After two comfortable rest stops, our journey takes us to the historic city of Antequera in the heart of Andalusia. The crowning glory is the dramatic Moorish Alcazaba towering over the city from its hill top perch. The steep winding streets in the area offer striking views of white-washed homes and slowly morph into the flatter central shopping and restaurant zone. You'll have time here for a wander and to find a bite to eat. We head into the rolling hills and the unique Lobo Park. Here, we follow our expert guides along scenic walking paths to observe four different wolf species roaming in large, natural habitats designed to mirror their life in the wild. After our walk on the wild-side, we return to Antequera to check in and relax before the buffet evening meal with a glass of wine.

DAY 2 TUESDAY 27TH OCTOBER 2026

After a hearty buffet breakfast, we set off on a scenic hours drive through the Andalusian countryside to one of Spain's most breathtaking natural wonders: the Caminito del Rey.

On arrival, we have time for a quick coffee before meeting our dedicated guide and getting comfortably equipped with audio earpieces and safety gear, ready to begin an unforgettable adventure. Over the next three hours, you'll walk 7km surrounded by dramatic gorges, soaring cliffs, and awe-inspiring views—all while learning about the extraordinary engineering and rich history behind this once-forbidden pathway. The guide is for our small group of no more than 34 people which makes for a really exclusive experience. There are a couple of kiosk type restaurants at the end of the walk where you can choose to enjoy a bite to eat.

We return to Antequera, stopping in that UNESCO Dolmen Menga, one of Europe's largest and most impressive megalithic structures, dating back nearly 6,000 years to the Neolithic period. You can choose to return to the hotel by coach at 17:00 or slowly wander the 2km route through the vibrant streets of the city. In the evening we enjoy another delicious buffet dinner with wine.

DAY 3 WEDNESDAY 28TH OCTOBER 2026

After a leisurely buffet breakfast, we check out of the hotel and make our way to the breathtaking El Torcal Natural Park, near Antequera. Famous for its surreal limestone formations, sculpted over millions of years into dramatic towers and natural arches, El Torcal is a UNESCO World Heritage Site and one of Europe's finest examples of a karst landscape.

With a knowledgeable local guide, we set off on the 4.5km Ammonites Route, a gentle circular walk of around three hours. Along the way, we'll discover fossil remains of ancient ammonites, sea creatures that lived beneath the Tethys Sea—right here at an altitude of 1,200 metres and over 50 kilometres from the coast!

After our walk, we begin the return journey with a relaxing Menú del Día lunch en route (included). With a final comfort stop along the way, we aim to arrive back locally by approximately 19:30, filled with fresh air, unforgettable sights, and lasting memories.
