Getting to know the inside story of one of the provinces most famous prodigies, learn all there is know about waterwheels from the largest museum of its kind in Europe, go underground on a miners train and are introduced to cider where we do some sampling! We have a private guided tour followed by a gourmet picnic in the cliff side botanical paradise which combines a vast collection of exotic plants with global sculptures, winding stone paths, and breathtaking panoramic viewpoints overlooking the Cantabrian Sea.

We travel scenic roads spending a thrilling morning in the Picos de Europe where the Christian reconquest was started by the ultimate ancestor of the Spanish Monarchy and the sanctuary sits on half way up the rock face hidden in a cave. We take the mountain road to visit the scenic lakes with their alpine beauty.
